INDEPENDENT AUDITORS' REPORT

THE DIRECTOR AND STOCKHOLDER
NEWBURY, PIRET SECURITIES, INC.
BOSTON, MASSACHUSETTS

We have audited the accompanying statement of financial condition of Newbury, Piret Securities, Inc. (a wholly owned subsidiary of Newbury, Piret Companies, Inc.) as of December 31, 2007, and the related statements of operations, changes in stockholder's equity, and cash flows for the year then ended that you are filing pursuant to rule 17a-5 under the Securities Exchange of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Newbury, Piret Securities, Inc. as of December 31, 2007, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

NOTES TO FINANCIAL STATEMENTS

A. Line of Business:

Newbury, Piret Securities, Inc. (the Company) is a registered securities broker-dealer. The Company does not hold funds or securities for the accounts of its customers and thus claims an exemption from the requirements of Securities and Exchange Rule 15(c)3-3.

B. Summary of Significant Accounting Policies:

Commission Income:

Commission income is recognized based upon the trade date of the underlying transaction.

Marketable Securities:

Marketable securities represent readily marketable shares of a mutual fund invested in money market instruments, primarily United States Government obligations, bank obligations and commercial paper. The fund manages its portfolio to maintain a constant market price per share of \$1.00.

Use of Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

C. Consolidation Payment:

In August 2007, the Company received a one-time special payment as a benefit on the consolidation of the NASD and NYSE member regulation. During 2008, the Company anticipates distributing the one-time special payment.

D. Taxes on Income:

The Company files its tax returns on a consolidated basis with its parent company.

NEWBURY, PIET SECURITIES, INC.
(A SUBSIDIARY OF NEWBURY, PIET COMPANIES, INC.)
NOTES TO FINANCIAL STATEMENTS

E. Related Party Transactions:

The Company is co-located with its parent. During 2007, under an agreement dated July 14, 2007, the Company charged its parent \$22,920 for providing the use of its broker-dealer license. Similarly, under an agreement dated on the same date, the Company paid \$8,860 to its parent for its share of allocated indirect overhead costs and certain direct costs. The above amounts are charged and paid monthly and are subject to periodic review.

F. Subordinated Liabilities:

The Company did not have any subordinated liabilities at any time during the year.

G. Net Capital Requirement Under Rule 15(c)3-1:

The Company's net capital as calculated under the uniform net capital rule (rule 15(c)3-1) is as follows:

Stockholder's equity as of December 31, 2007	\$ 57,604
Prepaid expenses	(812)
Haircut on marketable securities	<u>(1,049)</u>
Net capital as of December 31, 2007	<u>\$ 55,743</u>
Minimum required	<u>\$ 5,000</u>

Following is a reconciliation of the Company's net capital as calculated above to that shown on the Company's December 31, 2007 unaudited Part II of Form X-17A-5 filed previously:

Net capital as reported on Part II of Form X-17A-5	\$ 51,238
Correction for prepaid expenses	(444)
Adjustment to accrued expenses	<u>4,949</u>
Net capital as above	<u>\$ 55,743</u>

Professional Excellence ■ Client Focus

THE DIRECTOR AND STOCKHOLDER
NEWBURY, PIRET SECURITIES, INC.
BOSTON, MASSACHUSETTS

In planning and performing our audit of the financial statements of Newbury Piret Securities, Inc. as of and for the year ended December 31, 2007, in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including consideration of control activities for safeguarding securities. This study included tests of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15(c)3-3. Because the Company does not carry security accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making the quarterly securities examinations, counts, verifications and comparisons and recordation of differences required by rule 17a-13.
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable, but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, errors or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purpose in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at December 31, 2007, to meet the SEC's objectives.

This report is intended solely for information and use of the Board of Directors, management, the SEC, FINRA, and other regulatory agencies that rely on rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
